TESTIMONIAL

"During my 20 or so years in the industry I've attended many many seminars, workshops and conventions throughout Australia and overseas. As you would expect there's been some good ones and some bad ones, but only a few really great ones. Without doubt AE ranks right up there as one of the great ones. Rob and Shirly put their heart and soul into ensuring there is always a great mix of speakers openly sharing their knowledge, experience and passion, so regardless of your own level of experience you are sure to walk away with new ideas. One particular point I need to make, is how truly welcoming Rob and Shirly are, and how much effort they put in to ensure even the newer photographers are embraced and helped to realise their own dreams."

GUEST SPEAKER ANNOUNCEMENT #1

ROCCO ANCORA

Victorian Professional Photographer of the Year AND Victorian Wedding Photographer of the Year

Rocco has just achieved these prestigious awards, and we are so looking forward to hear him speak at AE2010.

Among other topics, Rocco will be sharing:

- Light shaping techniques to create romance and mood through the image making process
- Learn how to see the light and beyond the light
- Learn how to direct your subjects to create emotive imagery
- Exploration of available light and artificial light sources
- Live demo with models

GUEST SPEAKER ANNOUNCEMENT #2

CHRISTOPHER THOMAS PHOTOGRAPHY

We're not in Kansas anymore Toto.....

Chris is an award winning, accredited AIPP professional photographer and Michelle is an emerging member of AIPP. They share a specialisation in photographing people, whether it be on their wedding day, or on a wonderful family portrait session.

Chris and Michelle have undergone intensive training in utilising natural light, and in the ability to recognize where the best light is in any given environment.

Chris and Michelle will talk about the process from having a safe full time job to being in business, and all of the trials and tribulations encountered along the way, all from a home studio standpoint.

A question and answer session will be included where participants can fire any question under the sun, from Photoshop to advertising and everything in between.
